CABE RUTH IS MAIN TOPIC UP FOR DISCUSSION AMONG CUBS AT SECRET MEETING

—O—
New York.—The Chicago Cubs spent two hours in secret session at their quarters in the Clevelands on Tuesday. A major portion of the meeting was spent in discussing the Yankees' hitters—their likes, dislikes, weaknesses and strength.

Asked about the meeting which New York player came up for the most discussion, Woody English, Chicago third baseman, laughed, and said:
"That's a hot one! Who do you think? Well I'll tell you—Babe Ruth."

CALIFORNIAN CLIMBING FISTIC LADDER

—O—
Chicago.—Jack Bauer, fighting along in quest of the heavyweight championship, stopped courageous Yutty Griffiths, Sioux City, Ia., veteran in the seventh round of their scheduled to round battle in the Chicago stadium winning on a technical knockout.

It was Bauer's 11th straight victory and his 25th knockout in 41 battles. Bauer, recent surprise conqueror of Ernie Stenael, appeared to outclass the game cock from Iowa from the start. The battle was witnessed by 9,521 persons with receipts of \$21,800. Bauer was to receive 20 per cent and his opponent 22 per cent.

Griffiths, always rated a shifty heavyweight, had all the speed taken out of him by the time the fourth round was over by Bauer's savage right and left hand clips to the chin.

In the fourth round Griffiths was groggy and reeling from Bauer's punches to the head, but managed to survive only to be tapped over in the sixth by a right smash to the chin. He jumped to his feet without taking a count, and the bell saved him from further punishment.

With the start of the seventh, Bauer apparently toying with Griffiths suddenly cut loose with a furious attack to the head and body. The punch sent Griffiths reeling to the ropes and as he came bounding back, attempting to sidestep into the ropes, Bauer nailed him again. These vicious blows all but felled Griffiths and left him a helpless target for a finishing punch.

Instead of allowing Bauer to deliver the finishing punch, Little Phil Collins the referee stepped between them, waving Bauer to his corner in triumph. Bauer seemed to be relieved by the referee's action as he did not relish punishing Griffiths. At the end of every round Bauer patted the Sioux City boy on the back as he went to his corner, as if to encourage him, and as a tribute to his gentleman.

When the battle was ended, Griffiths burst into tears and begged to be allowed to continue. He was all finished, however, completely beaten.

RUMOR OF BREAK-UP IN ATHLETICS TEAM

—O—
Chicago.—A break up of the present Philadelphia Athletics team, which would involve trading out Foster Al Simmons and Pitcher Lefty Grove or George Barnshaw for Pitcher Ted Lyons of the Chicago White Sox and other players was reported under consideration by Connie Mack, Athletics manager.

The trade was reported as part of a plan of owners of the Chicago team for strengthening their club as a pennant contender.

In event of a decision by Mack to trade some of his stars, it was understood the New York Yankees were anxious to acquire Simmons.

MARJONS REBUILDING

—O—
Montreal.—Marjons are apparently looking to the amateur ranks in earnest to bolster their N.H.L. recreation for the 1932-33 campaign. Following closely on the news of the signing of rummy puck player Hack Simpson, comes the report that the Marjons are signing with Neils Christfield, star of the McGill senior squad for the past two years and a player who gave service at Lake Placid, O. course the fact that Pittsburgh and the Canadian claim they have prior call on Christfield may be a snag in the Marjons' plans. Contrary to reports, Hughes Fitz

A salesman was "telling his best" to induce the good lady of the house to purchase a vacuum cleaner.

And does it really pick up the dirt, she inquired.

Yes, madam, he replied. "Only yesterday I ran it over one of those French novels and when I finished it looked like—"The War Cry."

A visitor who was walking along the banks of the River Clyde, in the neighborhood of Linlithgow, noticed a boy whom he met near a cottage.

"Is your father in the house?" "No, sir; he is working at Rhinoceros."

"Then is your mother in?" "No, sir; she has gone to Linlithgow."

"Dear me. And where is your sister?" "My sister is spending a holiday with my Aunt Cecily."

"Lillian Fairweather, is it?" "Lillian Fairweather, is it?" "Lillian Fairweather, is it?"

A farmer after paying his bill for a new reaper and binder was asked by the cashier how it went.

son has not signed. He must have the Marjons all at his variety grad form of five years ago, otherwise he will be relegated to the M. A. A. squad. It is also reported that Bill MacKenzie and Kitson Massey have definitely decided to remain in the minor leagues with the M. A. A. squad.

From Toronto comes word of the latest lineup of the National Sea Fleet, for the amateur season. Not one player from the Allan cup-winning squad will look at a pro contract.

Larry Watson will not coach the champions and his successor has not yet been appointed.

It was a very wet night, and the bus was full inside, when the conductor asked, "Will any gentleman go up on top to oblige a lady?"

There was no response, so the inquiry was repeated, but still there was no response. At last one male passenger remarked, "Any gentleman that she is a lady, answer a poor woman?"

"Oh yes," said the conductor, without hesitation, "she is a lady all right."

"A well-dressed lady?" persisted the passenger.

"Yes, a thoroughly well-dressed lady," the conductor assured him.

"Then," said the passenger, "letting himself more comfortably in his seat, "she can afford to take a cab home?"

INTERNATIONAL HARVESTER CROP PRICE GUARANTY

Take advantage of this offer . . . Get the new equipment you need to reduce your production costs

Many farmers who need new machines for the economical production of their crops have been reluctant to buy them because of uncertainty as to the prices they will receive later in the year for these farm products.

In order to meet this situation, the International Harvester Company of Canada, Ltd., offers to farmers purchasing machines after this date, a definite price guaranty on wheat based on 77 cents a bushel for No. 1 Northern at Stratford, applying to a liberal portion of the purchase price of the machine. If the market price for wheat does not reach the guaranteed price at the time payment becomes due on notes given and maturing this year, the purchaser of machines under the plan will receive a credit equal to the difference.

Any farmer in Canada, regardless of where he lives or what he raises, can purchase McCormick-Deering farm machines under the terms of this offer.

This is your chance to replace worn-out and obsolete equipment on a favorable price basis. Let us explain the details of this remarkable plan and tell you just how to take advantage of it in equipping your farm with the new cost-reducing machines you need at a real saving.

Enlarged Municipal Areas

Consideration of the Alberta government's proposed plan of enlarged municipal districts, as announced some time ago, has advanced another stage with the presentation of the plan to the association of municipal districts for discussion. The scheme has been before the executive of that association for some weeks, and the complete details will come before the convention of the association in November.

In the meantime the government itself has been giving further consideration to the whole plan, discussion in the cabinet bearing chiefly upon the general principles involved.

It will be remembered from the announcement made previously, that the plan is to create some 40 enlarged municipal areas by amalgamation into suitable groups of the 166 municipal districts now in existence, together with 143 of the local improvement districts, to be presented by the department of Municipal Affairs at Edmonton. The main object sought is a considerable economy in administration, both municipal and provincial, and greater efficiency throughout. It has been estimated that a saving of some \$250,000 could be made in the municipal districts alone, with a

further considerable economy in provincial expenditures by the transfer of control of the 142 local improvement districts from the government at Edmonton to the various newly created councils.

Boundaries of the proposed new districts were arrived at after a careful study of all phases of the question, and were based on certain general principles, such as economic considerations, localities having a common interest physical characteristics, etc.

Aside from the considerable economy to be effected, other advantages would be a more equalized tax burden, and a more uniform system of road building.

One of the problems with which the government has been faced in considering the new plan is the adjustment of assets and liabilities of the various units to be included in the new areas.

In determining boundaries, of necessity, some of the less fortunate units would be grouped with the better class areas, necessitating a policy of equalization. It is proposed that if and when the enlarged areas are formed, the new councils will be required to examine the surpluses and deficits of each included area, and report to an existing board or a board specially set up, for the purpose of determining into the surpluses or deficits shall be dealt with. The thought at the moment is to preserve the uniform rate of taxation, with the probability of reducing the area which have surpluses, and surcharging the areas with deficits. Authority would be given to apply varying rates spread over a period of years to be determined by such board so that equalization can be brought about with no undue hardship in any particular area.

Following discussions which have taken place on the proposal, a new map has been prepared showing the proposed grouping of municipal districts, and this map will be made available to the public within the next two or three weeks. The map is of course tentative and may be altered if public discussion shows it to be in the best interests of all concerned.

R C M P INVESTIGATE CHARGES AGAINST CONST. ROGAN

A court martial under the R C M P was held in Youngstown on Thursday evening last when a charge against Const. Rogan of being intoxicated, however slight, was heard. Sgt. Hancock, R C M P, Edmonton, presided. The case was adjourned from Red Deer, where a hearing was commenced the previous day, so that local witnesses could be heard; among these were: J. Gildart, Const. Hunter and H. Zehrer. The charge arose out of the recent raid on Mr. Zehrer's premises. We understand the comments of the superintendent were favorable to the accused; the decision resting with higher authorities after a report is made of the proceedings.—Youngstown Highlander.

HANNA PRESSING FOR TAXES

Tax arrears collection occupied the attention of the city fathers at the council meeting held Monday last. The finance committee recommended drastic measures be taken against delinquents, by way of placing the arrears in the hands of a solicitor, with instructions to distrain goods and chattels. A motion to this effect, carried, although final details were left over until next meeting. Hanna Herald.

Mr Henpeck was staying at a seaside pleasure resort with his wife but it was far from a holiday for him. Everywhere he went his wife followed; never did she let him out of her sight.

One morning she stopped him as he was leaving the hotel. "Where are you going, Henry?" she asked suspiciously.

"Just down to the shop to get something my dear, Henry replied. "Are you?" she put in. "Well, yes, I stop here, and I'll go down and get it for you."

"With pleasure my dear, Henry, I was going down to get a haircut and shave."

"One," said Ernie Whiteside, "should be a good tip for that of man Bartlett of Blairmore, who recently joined the great army of benedicts."
